Mark on Google

M: …I generally don't want to find anything outside of the library database.

J: Mmhhmm…

M: The reason that I start using…the reason that I use search engines for the most part, is so that I can get specific terms to use in the library database…

J: mmhhmmm…

M: …like I said before…

J: ….that could be interesting…

M: …it just makes things easier, all around.
